GEOMETRY BECOMES ARMCHAIR

Essential lines and linear shapes, the collection of shapes and armchairs that satisfy any need with simplicity.

COMFORTABLE

The sofas and armchairs of Matrix collection feature sober lines and cubic shapes. High comfort is ensured by the padding in high-density polyurethane foam, that envelopes the structure ensuring inalterability of the shapes and compactness in time. The back height is optimal to support the back, while the seat depth is suitable for talking and relaxing moments.

NATURALLY RESISTANT

Matrix inner structure is made in wood to ensure sturdiness and elasticity to any product.

CLASSY DETAILS

Matrix features a wide range of valuable upholsteries. In the Matelassé version, the back and seat are embellished by handicraft stitching with diamond pattern, that confers an elegant touch and greater softness to the seat.
